Dear students,

A boarding school is a major enterprise and it does not work well unless all of its components do their assigned tasks with a high degree of dedication. This takes training and commitment, but it also requires a fair generosity of spirit. In this, we are lucky, because everybody involved in this enterprise has that great generosity of spirit, from the support staff who look after us all so well and make sure we are well-fed and well-housed and comfortable, to the teaching faculty who give unsparingly of their time and advice - especially advice, whether we want it or not, to the Trustees who give of their time and expertise without stint. And we must never forget those students who work quietly and unannounced for the good of the school, their house, their class. To everybody involved with this enterprise, my deep and sincere thanks.

Nothing is worth more to us than our good name, our reputation, or as the writer of the Baccalaureate proverb said, our good repute in the eyes of God and man. I will say it again, nothing, absolutely nothing, is worth more to you than your good reputation. Your whole professional life will be built on this, as will all of your other relationships. Without it, you are nothing, an outcast, somebody to be avoided.

How do you get and maintain this good name? The answer itself is quite simple and straight forward. You start by showing loyalty to those people and organizations which have supported and been loyal to you. And you must be absolutely faithful in this loyalty because there are no half measures. But there is a higher degree of loyalty demanded of all of us, and that is the loyalty and faithfulness we show to those great ideals that make civilized living possible. I will suggest to you that one of the loyalties we owe, and which we do not meet very well, is loyalty for our country. This is never more important than when there is a threat to its continued good health, as there is today. Canada deserves your loyalty, for it has been good to you, and now, I think, it needs some faithfulness and affection in return.

Along with loyalty and faithfulness, you also must be generous to those in need. If you can help, and you do not do so when asked, then your reputation for fair dealing is severely hurt. Surely, I hope that you have learned this, coming as you do from so many different backgrounds and having had to live and work and support each other. It is a terrible thing to refuse help when you are able to give it.

And one last thing: be careful and wise in your choice of heroes. In this age of instant communication, image is everything and entire careers are built on it. But take a moment to think about the foundations of that image, what reality underlies it? Is the image based on appearance only, as is one based on ruthlessness and exploitation, is it one based on achievement or service? Our heroes are important to us, but let us at least make the effort to choose the right heroes for the right reasons, and to base our lives on real values which last and do not change and fade with the seasons.

A tous, je vous souhaite bonne chance dans la vie. J'espère que vous n'oublierez jamais votre école et vos amis.

I have said it before, but it is worth repeating here: I am proud of your accomplishments this year and the way you have performed. Most of all, however, I am proud of the way you treat each other, and of the loyalty and faithfulness and support you have shown. Don't lose that. Nourish it and cherish it and you will be rewarded in return with loyalty and faithfulness.

Yearbook mania!

A frenetic schedule begins in September when the editors and advisors meet to discuss the theme of THE SPECTRUM, the number of pages, the number of divisions and the special subjects. Background colour, the number of colour pages and the style of the division pages are determined. Design, colour, type of paper and style of type for the cover are chosen. It must be better than last years. In October the layout begins in earnest. Photos of the first events of the year arrive; the new students' race, the fall sports' photos of soccer, cross-country and football are selected and placed on the pages . . . just so. Articles are written and the first division pages are designed and committed to paper. Excitement is high! From ten to fifteen students work in two shifts, two nights a week for an hour and a half. Work on a Sunday afternoon or another evening may be necessary to meet a deadline. Deadlines are met, the representative of the yearbook company approves the pages and they are sent off to Winnipeg. The last photos and articles arrive in June. A couple of intensive sessions complete the book. The school play, spring sports, the grad dance and Baccalaureate day are recorded for history and the pleasure of students and alumni in years to come. We meet with the yearbook company representative, go over the last pages together to weed out errors and heave a sigh of relief as we see him seal the last box and address it to the factory in Winnipeg. As he drives off we look forward to seeing the final product in September and to beginning the new yearbook for the next school year.

Many thanks and much recognition must go to all those students; editors and layout staff who spend so much time making sure you have a record of your school year at Stanstead College. And of course special thanks to Mr. Peter Ashworth who spends many long hours on yearbook work.

The role of a prefect is a very important one at Stanstead. The prefects form the skeleton of the school, dictating the shape and health for the rest of its body. They perform numerous tasks to make life at Stanstead flow easily and keep it from the reaches of chaos.

But the job of a prefect is not always an easy one. Very often, it has involved balancing on a barrier that separates your responsibility as a prefect, from your fellow student friends. A prefect must be a responsible individual, prepared and willing to accept the commitment which requires much effort and the loss of some valuable leisure time. They must set the example by which other students will follow, influencing everyone around them.

It is hard to imagine what this school would be like without these individuals, it would not function as it was designed to, a body without a skeleton!

DAVIS HOUSE

This year being my third as House Director of Davis has been a very memorable experience. So many boys from various cultural backgrounds living together under one roof in peace and co-operation is quite a challenge. Succeeding as they have done is testament to the quality of students we had in Davis.

The year saw the purchase of a brand new 27" color T.V., the delivery of a new pop machine, a pizza party, and a final culmination with the annual Davis Prize Awards and the T-bone steak BBQ. Delicious!

Many thanks go to our House Committee members whose tireless devotion to the "Davis Destroyer" (a culinary treat!) made these things possible. Also special thanks go to the prefects, TODs, and my assistant, Mr. Solomon, all who helped foster a sense of togetherness and leadership inside Davis House. And finally to all the boys of Davis may these words reflect the past year at Stanstead.

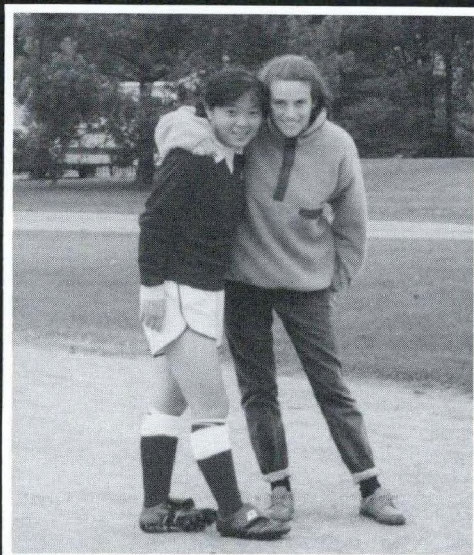

Think where man's glory most begins and ends,
And say my glory was I had such friends.

W.B. Yeats

Wishing everyone all the best,

Mr. Allan Tabatchnick

COLBY HOUSE

If change is progressive, then the Colby clan certainly got off to a great start for the '90-'91 school year. They had not one, but three, new house directors to "break in" and, vice versa. The girls were introduced to new terminology (this is non-negotiable, the immortal Colby scream, I'm not on duty and how many months have we been here now?). Likewise, we adapted to "but Miss . . . I didn't know . . . Hours? What hours?" There are many more terms which will live on in our memories for a long time to come.

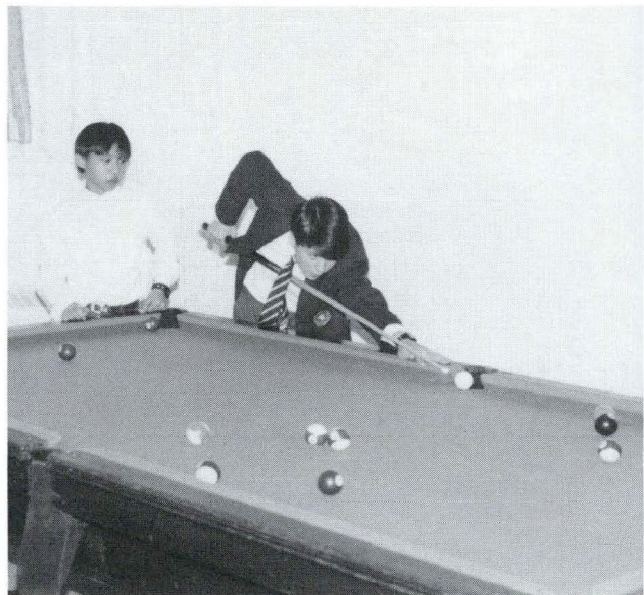

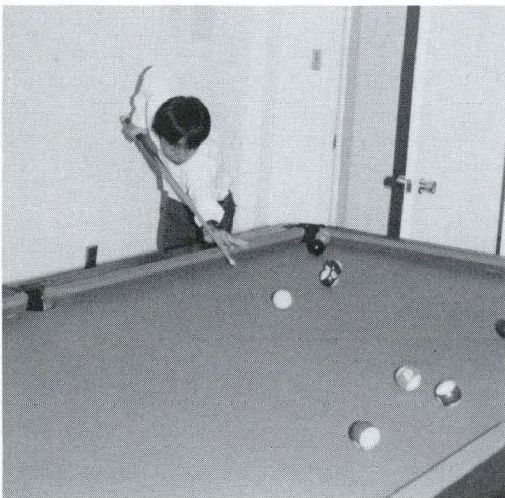

Of course, there is another side to dorm life. We are very proud of the girls who've excelled academically and who have represented our school athletically. We're also very grateful to all of the girls who tried to make our job that much easier - especially the Prefects who gave so much of their time and energy to the running of Colby. Through the laughter and the tears I think it's fair to say that none of us will soon forget our year together.

To our departing girls, we wish you all the best in life. To our graduates, we hope that university is everything you want it to be. We ask only that somewhere in your heart, you keep a space with memories of Colby's last year as a senior and junior house, and how you spent your time with us.

Miss Campbell

BUGBEE HOUSE

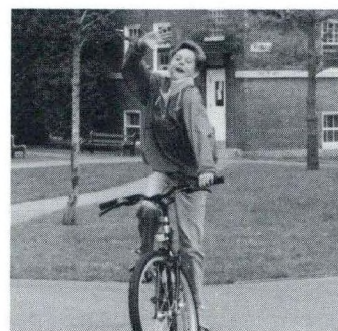

Well, this has been year number nineteen as a House Director, and my last in that capacity. It really has been a good year thanks to my very able assistant - Mr. Andre Simard and thanks to a very special group of prefects in the house. You have all been great and you reserve a special place in my nineteen years of memories. The students in the house too have been great especially the grade nine Committee members and the food and drink committees. You have all made this house function in a very pleasant and smooth way.

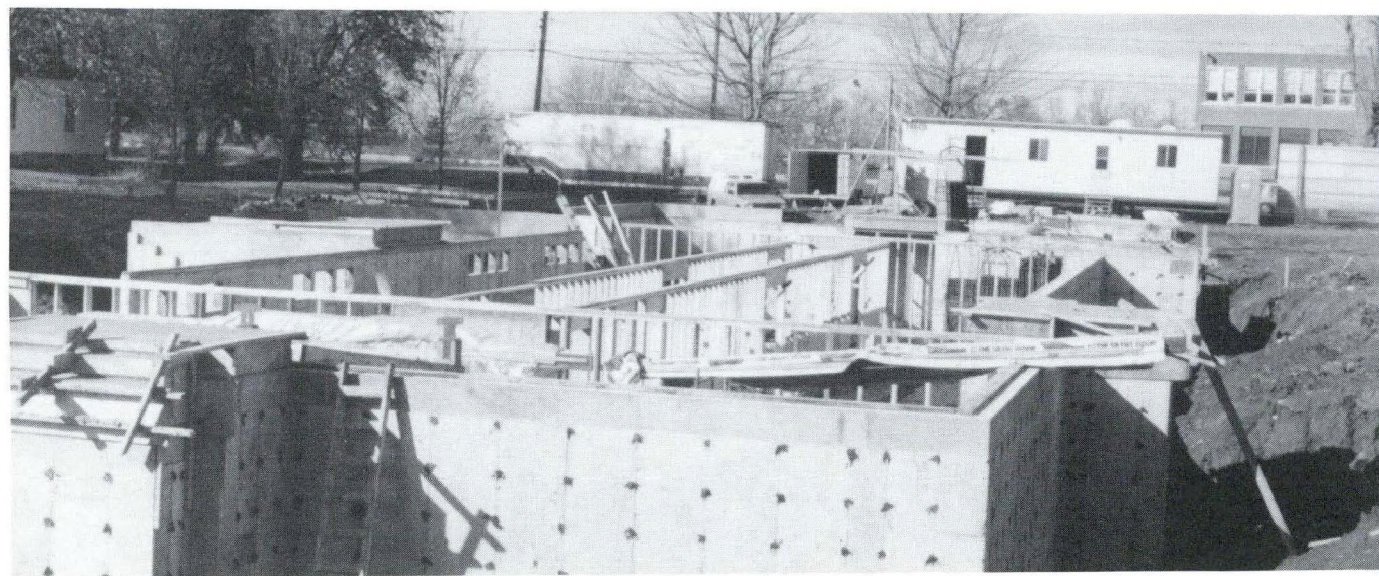

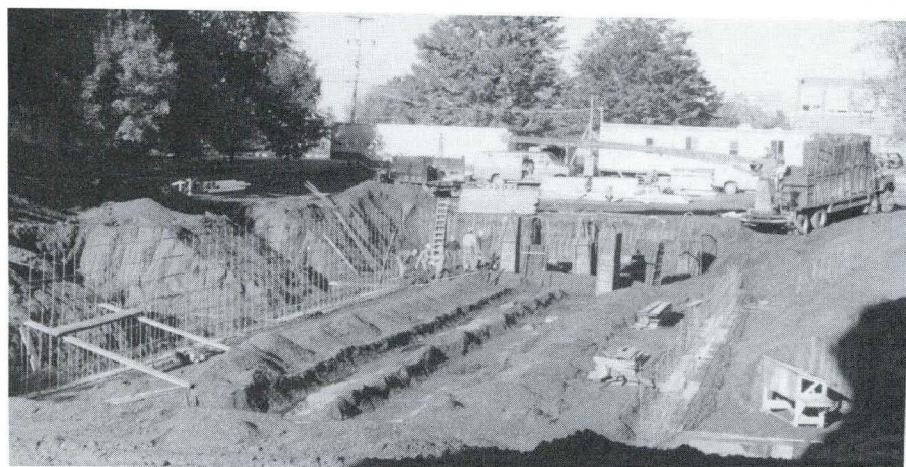

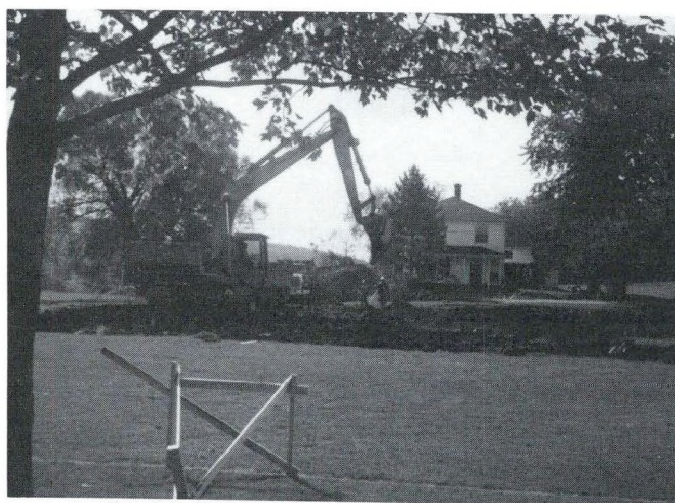

As I look back over the nineteen years I have many fond memories and many people who helped me. From our present Headmaster, Mr. Barry Gallant who was assistant Head when I arrived here and who singly has given me much guidance and support for which I will always be grateful to the many Assistants that I have had who have made a generally pleasant job an even better one; I have benefited a great deal from being associated with them. Some T.O.D.'s have been with me for most of my time as House Director and Tony and Paul it has been a pleasure working with you both as T.O.D.'s and as dedicated Department Heads.

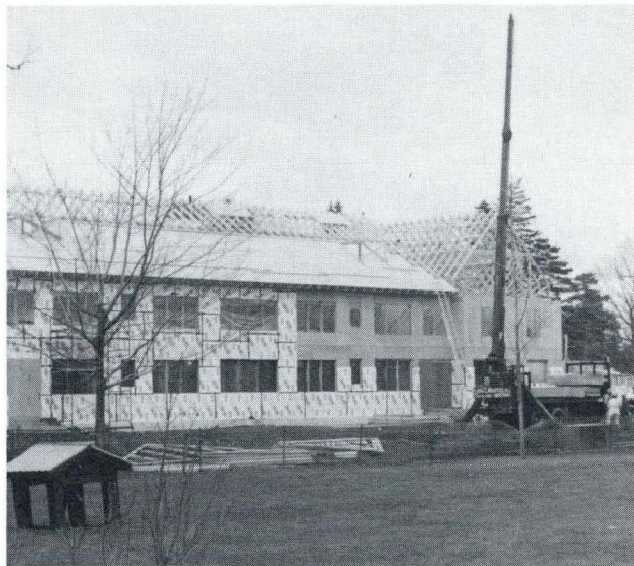

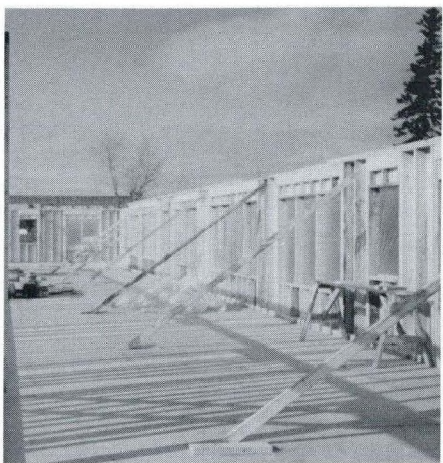

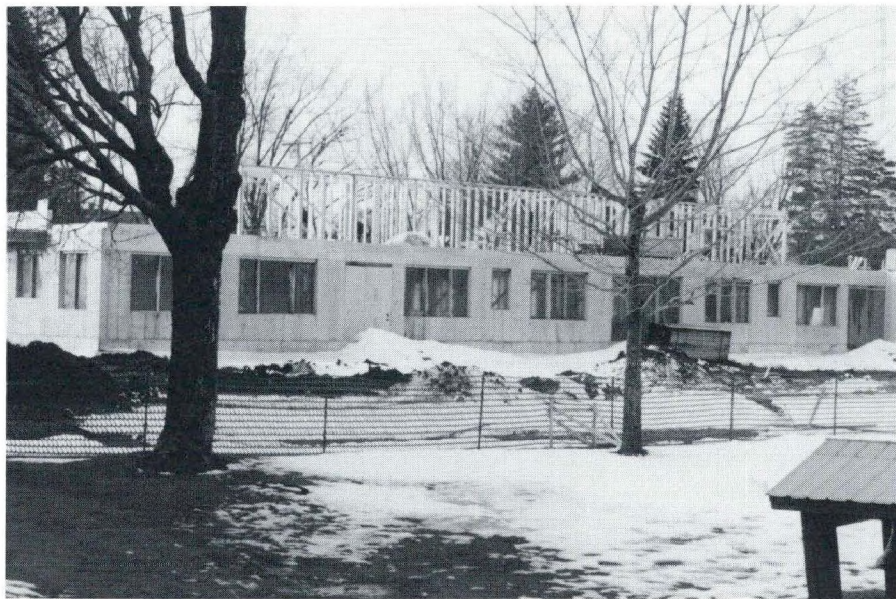

I can not close this article without thanking my wife Sue. She has stood by me and always enjoys the pleasant moments and soothes the not so pleasant ones. Of course we can't forget her constant cheerfulness and all the cooking she has done. Thanks Sue - it has always been appreciated.

I can not think of a better man to take over Bugbee House. I wish Mr. Andre Simard all the very best - he has already made his presence felt in a most positive way.

STANSTEAD COLLEGE INTERACT CLUB

This 1990-91 school year marks the first time the College has formed and operated an Interact Club. The Club is composed of fourteen students who under the aegis of the Rotary Club of the Boundary and the school authorities, work together dedicated to community service and international understanding.

Some of the projects undertaken by the Club include the friendly visiting of senior citizens in a nearby residence; raising funds by the distribution of money boxes to local commercial establishments and collecting empty soft drink bottles for the benefit of the charity - Spina Bifida and Hydracephalus Association. It is anticipated that the total donation to Spina Bifida will be in the order of \$500.

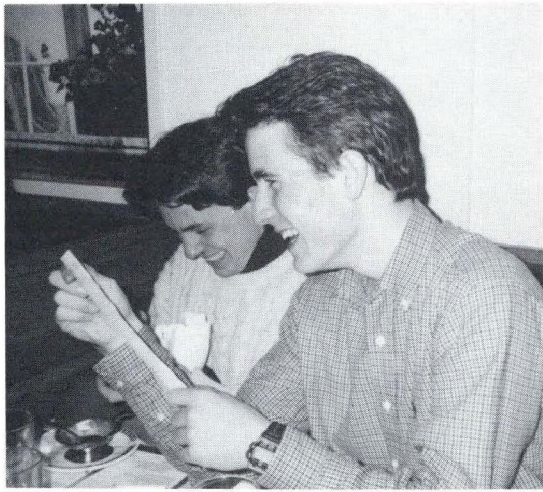

All in all it can be said that this first year of Interact Club operations was most successful indeed. The students became more interested in community and international service; they benefited from the organizational experience and camaraderie at meetings; and they expanded their friendships to include other Interact Club members in the States of New York and Vermont.

As the Interact Club Liaison for the year, it was a real delight for me to be associated with such a dedicated, interested and cooperative group of students.

Once again another annual SPECTRUM has been issued and, in keeping with the past several years, it is another winner. At this point I would like to thank all those unsung heroes who made the yearbook possible. Mr. J.J. Mailhot, of Fuji Canada, for helping us with our film; Mr. Ashworth and Mr. Duncan for all their time and advice, and most of all my fellow editors together with the students on the SPECTRUM staff who worked so hard to make it possible. I certainly can't forget to thank Quoc Bui and Philippe Roy as photographers, for obvious reasons.

I hope you enjoy this yearly account of Stanstead College and remember all the good times we all had here.

A lot of work goes into planning and setting up the activities such as dances, movies, carnival and much much more that we plan and no one deserves more thanks than Mrs. Kasowski and Mrs. Martin for the time and effort that they put in. I would also like to thank the executives of the Committee, Chuck, Ted, Genevieve and Margaret for all their support. I can not forget to mention Gillian, Natalie and Roger who put more time in than anyone in the week to week organizing. Thanks everybody - it's been another great year.

LE CLUB D'IMPROVISATION

C'est la troisième année que Stanstead participe à la L.I.D.E.A. (Ligue d'improvisation des écoles anglophones). Le but de cette activité est de favoriser la créativité tout en utilisant la langue française.

Le jeu d'impro consiste au développement d'un thème spécifique en un temps déterminé avec un nombre limité de joueurs.

Depuis le début de la saison, Stanstead a pris part à deux rencontres informelles à Trafalgar ainsi qu'à Lower Canada College.

Les membres de l'équipe se réunissent et s'entraînent tous les jeudis soirs afin d'être prêts pour le tournoi final de la L.I.D.E.A. qui aura lieu le 5 avril 1991 à Lower Canada College.

Nous aimerions remercier les étudiants qui se livrent à cette activité avec tant d'enthousiasme. Chaque jeudi soir demeure toujours très attendu et intéressant!

Merci à nos joueurs pour une bonne saison.

The 1990 Senior Boys' soccer season was much like a roller coaster ride. Brilliant performances interspersed with uninspired play. The team was young and at times they lacked belief in what they could accomplish. Several unfortunate incidents prevented the team from contending in the finals. The team had shown the ability to put it all together in their 2-1 victory over B.C.S. in an earlier league game. With several key players missing for the final weekend a championship was not to be had. The team had many individual stars. Guillermo Rodriguez, Ian Darling, Ansa Akeya, Francois Paradis and Shane Merrill were solid on the field and Dominic Dumouchel was once again an all star keeper.

With a large contingent returning in 1991 the team should be very competitive once again. Thanks for a good season.

In a visible rebuilding year, a young Senior Girls' Soccer team fared quite well against more experienced and skilled competitors.

Thanks to the leadership of Rachel and Ellen Poston and the superb mid-field play of Akiko Katsumata, we were able to remain in games which an inadequately conditioned and immature side would have easily lost. Throughout the season my first-year seniors and overachieving juniors continued to develop ball control skills and appreciate the technical and strategic points of a sport which becomes complex yet fluid at the senior level.

The apex of our season was a satisfying victory in the Stanstead Invitational Tournament. After playing to a draw against a much-improved side from E.C.S., we were able to defeat The Study and B.C.S. thanks to memorable offensive performances from Ellen Poston, Verona Sorensen, Kate Saparoff and Kristen Denney. This balanced offensive threat allowed us to claim the title for a third consecutive year.

Although next year's team will be relatively young, so will the entire league. The graduation of striker and co-captain Rachel Poston and midfielder Akiko Katsumata will leave a void of talent and leadership. With hope, our veterans and several unknown quantities will not only fill that void, but will lead Stanstead College to the league title.

Congratulations to vo-M.V.P. Ellen and Rachel Poston and to Major "S" winner Akiko Katsumata. Senior "S" winners were defender Genevieve Martin and forward Kristen Denney who, through continued determination, is bound to be team leader in the not too distant future.

The 1990 edition of the Senior Football Spartans turned out to be an extremely competitive and good natured group of athletes, continuing the long tradition of the football program at Stanstead. This year, a significant break with tradition did however take place. For the first time in 29 years, Alex Phillip was not at the helm of the Spartans as Head Coach. Mr. Phillip retired from football last year, Mr. Elliot took over as Head Coach, with Mr. Simard as his Assistant.

As coaches, we were both extremely pleased with the group of young men who came to try out for football this year. There was a combination of a few returning players and a large number of boys new to the game. Because of the relatively small size of our team (22 players), we often had individuals playing both offence and defence - remaining on the field for the entire 60 minute game.

Despite the small numbers and relative inexperience, the team was never out of any game it played. We were a competitive team in a competitive league. We showed consistent improvement from the beginning of the season until our final game. The team always displayed a positive attitude and a willingness to learn. In addition to the veteran standouts, we were also pleased with the improvements shown by the new players. We received many positive comments from opposing coaches, university and college coaches and officials for the gutsy and sportsmanlike performance of our team.

Highlights included M. Béasse running back the only kickoff returned for a touchdown in the E.T.I.A.C., Brus, Leiva, and Wang playing through injuries; Yi, Chan, and Chi sacking and tackling; Brus kicking more converts off Lin's head than through the uprights; and Seagram wanting to give out hours and complaining about Namy! Our overall record was 1-6 with the climax to the season being a 14-6 win over Galt at home.

The 1990 season was an intense and exciting one for the Junior Boys. It began with a gruelling tournament at Lower Canada College in which the team finished third, continued through a series of hard-fought games for league position and culminated in the E.T.I.A.C. Final on the 27th October. Since the majority of last year's players had moved on to Senior level, much of the work in practices was devoted to welding disparate elements into a single unit. Martin Lafleur became Captain and anchor of the defence, as goalkeeper, to such good effect the team had very few goals scored against it. Forwards Octavio Gillibert, Emery Guévremont and Rabbeï Sukkar were always dangerous and figured prominently in the list of top goal-scorers. Likewise the mid-field players were very active despite some nagging injuries, particularly toward the end of the season.

The team achieved an overall position of third in the League but succeeded in defeating Richmond in the semi-final to meet the undefeated champions in the Final. For the second year in a row, Stanstead Junior Boys were narrowly beaten in this last game but have the satisfaction of having played fairly and well on every occasion. Looking forward to next season!

JUNIOR GIRLS' SOCCER

Coach:
Miss J. Senior

Captain:
Amy Emslie

The 1990-1991 edition of the Junior Girls' Soccer Team consisted of a handful of returning players. However, the majority of the girls were new to Stanstead or new to the sport of soccer.

The team was plagued by many injuries from the beginning which greatly contributed to our slow start. With a healthy bunch, we had a shutout 1-0 against MVR, a team which had defeated us 5-0 and 4-0 prior to the last contest. That victory in mid-season gave the girls a necessary lift to keep on fighting, and that they did! Our last league game against BCS saw Stanstead down 4-1 at the half and the girls came back with two goals within five minutes of each other. It was in that game that I realized how much the girls had improved over the season.

I would personally like to express to the girls that I was very proud of their performance this season, and with the maturing and experience gained from this year, I believe it will take us to great heights next year.

Thanks for a great season ladies!!!

This year the cross-country team won two third positions at the E.T.I.A.C. and a bronze medal at Galt. All team members gave their best during the season. Henry, Victor and Alpheus found 5 miles too easy. Lourdes and Vanessa liked to place 1st and 2nd from last. Marieve and M'Tasa said we were running too much; they didn't have time to do homework. Candice found a new warmup as Spiderman. Dedication showed as Henry and Ken fought to be timekeeper at each race.

I would like to congratulate the following for their fine performance. Victor Kasowski and Tattiana Vydykhan received a Junior S and Victor placed third at the E.T.I.A.C. while finishing with one shoe. Quoc Bui was determined in practice and raised his blood pressure in races so as to run with his own competitor. He has a Senior S. Margaret Chase and Alpheus Bullard received a major S for determination and dedication.

I am pleased to have coached the team and am happy about the good team spirit.

We would like to take this opportunity to thank the Bantam Boys for a great soccer season. We both had an exciting time coaching the boys and working with them.

The team worked hard and no matter how they were performing in a game, they never gave up. Their work ethic was excellent.

The boys' persistence paid off. They played an exciting game against Galt in the semi-finals and they really enjoyed themselves. They ended the season with a great sense of pride.

We are proud of the Bantam boys and we wish them success with their new sport and look forward to working with most of them again next year.

Special thanks go to Daisuke Kondo, team manager, whose assistance was extremely appreciated. Also, congratulations to John Jen, Y.C. Lu and Philip Infillise who were all recipients of the Bantam "S" award.

We have come to the end of a season with little snow and many awards. The well groomed trails were fun to practice on and helped bring medals to many. Surprisingly, for a team made up partially of beginners, we nevertheless managed to spur them on to success in skating and traditional ski skills.

In the E.T.I.A.C. final event, the Stanstead College team won four shields in each of the Bantam Boys, Junior Boys, Junior Girls and Senior Girls categories. The girls earned the banner for overall performance and the boys shared the performance banner with B.C.S.

The great determination, team spirit and skiing ability were the driving forces behind the team's success. Heartfelt thanks go out to the team's captains for their demonstrated leadership and team support. We express our special thanks to Mr. Eveleigh for his expert assistance in organizing the meets at home and away as well as the Invitational Championship which was a real success.

The 1990-91 edition of the Senior Boys Spartans included a number of changes. For the first time in 22 years, Brian Denney was not on the bench as coach. Mr. Denney retired as coach at the conclusion of last season, but continues to be involved in the program as head minor official and resident dean of basketball. The roster included 10 players, only two of whom were returning starters from last year's ETIAC League and Playoff Champions, and a bunch of young players who graduated to the senior level at the same time as their coach, Mr. Simard.

In our own Stanstead Invitational Tournament, the team finished second and won the consolation plaque. This was due to some last-second heroics by Ansa Akyea and Ian Darling against both B.C.S. and Centennial Academy.

Stanstead College was honored to have been chosen as host for the 1991 Anderson-Bailly Provincial Small Schools Basketball Tournaments. The weekend of March 1, 2, 3 was one of non-stop action at the school as ten teams from all over the province visited us to take part in this tournament. There was a great deal of work which went into making this event a success - thank-you to all who were involved. Unfortunately, both Stanstead teams were eliminated in the semi-finals of this tournament.

The ETIAC league was one of the most competitive in recent years. Unfortunately, this team ended up on the losing side of league games too often. Our ETIAC record was 2-6 which put us in last place and eliminated us from the playoffs. We lost to the eventual league champions, B.C.S., by two points on two occasions. We lost to second-place (and Playoff Champions) Richmond, by three points on a Hail-Mary shot at the buzzer. In fact, we were eliminated from the playoffs by a one-point game between two other schools. Frustration!

If there is one consolation for me as coach (despite this disappointing final result) it would be that the group of athletes with whom I worked made it enjoyable to go to the gym everyday of this long sports season. We were a close group which had a lot of fun. This was shown at Sports Assembly, when the boys found out that we were not to be playoff-bound. There was a lot of emotion expressed on that evening, and I know that the award winners would have gladly given up their letters and trophies to have had a shot at the ETIAC Playoffs. Unfortunately, this was not to be. Congratulations to award winners,

Senior 'S': Simon Prieur, Octavio Gilibert, Roger Wang

Major 'S': Ansa Akyea, Ian Darling, Guillermo Rodriguez

Coaching the 90-91 Senior Girls' Basketball team was both a pleasurable and rewarding experience for me. Although we were a very young team with only one returning veteran, the club played with a great spirit, heart and desire; they gave 110% in both practices and games alike and played with a "never say die" attitude.

In regular ETIAC season play we split with every team except the strong Alexander Galt contenders, and placed third in the six team league. In the Anderson Bailly provincial tournament we won two of three games and defeated Thetford Mines, the eventual winners of the tournament, in overtime.

This is my tenth year of coaching Senior Girls' Basketball and this has to be one of the most satisfying and enjoyable seasons. I would like to thank the entire team for an excellent season and congratulate Rachel Poston, Ellen Poston and Kristen Denney in earning their Major "S" awards. I would also like to say a special thanks to Rachel Poston for all her years of basketball at Stanstead and for being our Captain and M.V.P. this year.

This year's swim team was relatively small compared to past seasons; however, this factor did not hinder its performance. The team did very well in holding its own in Commission Scolaire Regionale de L'Estrie league and the Greater Montreal Athletic Association.

The team consisted of a total of nineteen swimmers, within these five categories: Bantam, Midget and Juvenile Girls, Midget and Juvenile Boys.

Each year the team is faced with harder competition. The Estrie League is composed of a total of ten teams. The GMAA has now grown to thirteen schools, yet Stanstead did very well in ranking fourth overall in both girls and boys categories within the Estrie League. A few of our swimmers also managed to place themselves in the top four positions at the Juvenile level at the GMAA, a very impressive feat for such a small school.

In closing, I would like to thank Mr. Steve Jackson, our Assistant Coach, for all of his help and especially his great computer data and our team captains Antoine Leger and Genevieve Martin, for their leadership at all times.

Thank you all for a great season!

This year the Senior hockey team was a youthful squad anchored by 4 impressive grade twelves. The team was competitive right from the start and although the team had a losing record they were successful against their main rivals, B.C.S. By far the best hockey of the year was played at the L.C.C. tournament. The team played with character and desire and impressed all who attended.

The team will miss veterans such as Peasley, Goyette, Dumouchel and Brus. I wish them well at University. However, once again a good nucleus of players are returning and this will allow us to be competitive once again.

I was very fortunate this year in having a very dedicated group of young men. Everyone on the team pulled their fair share and thus led to a very rewarding season. A few of the boys were able to win trophies at the different tournaments. The most memorable occasion occurred at the Quebec-Ottawa Independent Schools Squash Tournament hosted jointly by Stanstead College and Bishop's. Our team placed second overall in a very competitive field. I would like to personally thank the co-captains, François Paradis and especially Daisuke Kondo (both 'Major S' recipients) for all the help and leadership they provided for the team. I wish all the members of the boys' squash team the very best and looking forward to another fun and successful season.

I would like to begin by saying that I truly enjoyed coaching the girls' squash team. It was a team made up of a very enthusiastic and committed players. Most of the team members had never set foot onto a squash court, let alone hit a squash ball, but they supported each other and encouraged one another. The "pros" on the team, my assistant coach, the captain, and the co-captain were great motivators as well.

I would like to extend my sincere thanks to Akiko, Jennifer and Silja, for their continuous co-operation and for working so closely and diligently with their team members. They were around to share their expertise as well as their love for the sport of squash.

I would also like to congratulate all my first year players for their tremendous improvement and for their constant effort throughout the season.

I feel very fortunate that I was able to work with such a great group of mature young women. I wish them all continued success with their squash.

In my first season as head coach of the Junior Boys program, I was faced with the difficult task of transforming a group of young, yet quite talented individuals, into a cohesive team unit.

During our first practice we set two essential goals for the season: achieve a greater level of physical conditioning than any other team in the league and qualify for the playoffs. As the season progressed the benefits of our rigorous training program became apparent. We dealt Galt their only loss of the campaign, before a large crowd at the College's magnificent Amaron Gymnasium, simply because we were physically and emotionally capable of rebounding from a twenty-five point first-half deficit by implementing a grueling "minutes from hell" full-court press defense.

The very same tenacious defensive play produced upset road victories against West Island College and Lower Canada College at their invitational tournament. Winning the "B" pool at the LCC Tournament was certainly a high point in our season, yet had we been able to maintain our six point fourth-quarter lead against powerful Upper Canada College, we might have been able to return to our border town with the trophy in tow.

Unfortunately, as the season progressed it became evident that I had failed in my efforts to teach the few skilled yet individualistic players that the concept of "team" was of greater importance than their own statistical goals or drive for individual prestige and attention. Physical conditioning and an emphasis on defensive basketball is a hard package to sell to eager young players. In the end, the negative leaders on the squad seemed to be focussing less on playing winning basketball and more on unimportant, peripheral issues. In an uninspired game, our season came to a close with a semi-final playoff loss to the Richmond Raiders.

Many thanks are due to our loyal supporters. Without the interest and good wishes of the College community, the outlook of our basketball program would not be as positive as it is. On a personal note, I would like to thank Coach Andre Simard, who has taught me much of what I now consider important about the game of basketball and has helped me to forget the rest.

We were up against some very tough competition from all the teams in our league but with a lot of effort and perseverance by all team members, we managed to earn a berth at the ETIAC playoffs, and finished fourth in the league.

I would like to thank all the members of this year's team for their dedication and hard work and for a very enjoyable season. Best wishes to those who are graduating to the Senior team next year.

This years junior hockey program consisted of mostly pee-wee aged players along with a handfull of first year bantam players. In other words, we were a no-name team, feared by all. As always, the program featured many hours devoted to the basic skills of the game which, as a coach, I believe is the foundation on which young players develop ability and good habits.

We did have a roster of games involving Bishops College School, the local Stanstead Pee Wee Team and Lyndonville from the U.S.A. A won loss record of 4 - 1 - 7 allowed the kids to play competitively in most instances and everyone felt we were making some headway. Even the coach. Basic rudiments of the game were noticeable in such players as David Skelton, Victor Kasowski, Tony Xenos and Emery Guevremont while relative new comers to the game such as George Goodsell, Phillip Infillise, George Diamandopoulos and James Chi were quick to learn the basics. Players such as Peter Kasowski, Robert Fields & Stefan Bolduc who had been playing as youngsters continued to improve on their puck handling, skating and shooting with each game and practice.

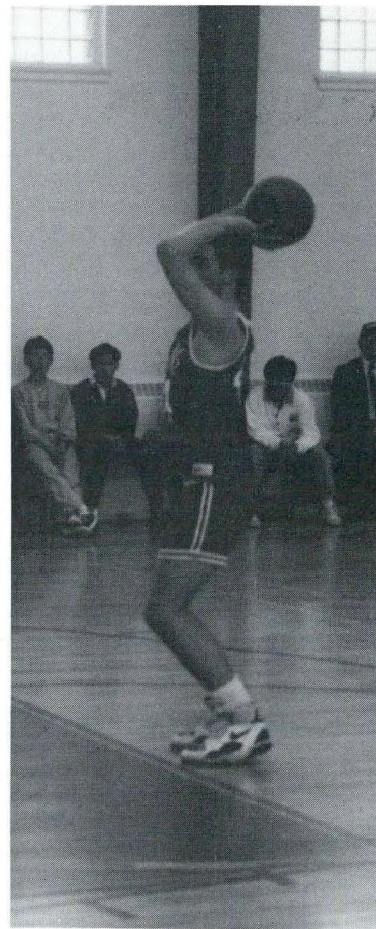

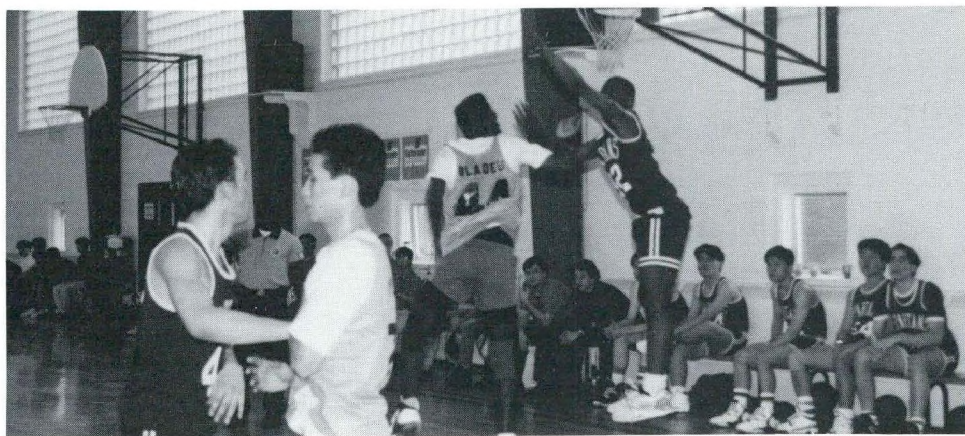

Our goaltenders, Jamie Lothian and Michel Guerin, were two rookies at the position. However, perserverence and willingness to help each other as well as individual instruction from senior goalers Sylvain Goyette and Jason Poitras, brought both of them along very nicely.

Our leading scorer on the team this year was Emery Guevremont, a fine all around young hockey player. We will miss his talent and enthusiasm next year.

A very special thanks to all the team for working hard in practices and showing that they truly enjoy the wonderful Canadian game of Hockey.

Alex Philip, Coach

THE ANDERSON BAILLY TOURNAMENT

19TH ANNUAL Q.A.S.A. ANDERSON - BAILLY

PROVINCIAL SMALL SCHOOLS BASKETBALL TOURNAMENT 1991

The 1991 Q.A.S.A. Anderson-Bailly Basketball Tournaments were held on March 1, 2, 3 at Stanstead College. The tournament included twelve teams (six boys and six girls) representing all areas of the province. Unfortunately, both Stanstead teams lost in the semi-final rounds. The eventual winners were:

Boys - Father Macdonald High School from Montreal

Girls - A.S. Johnson High School from Thetford Mines

It was an excellent weekend, both for level of basketball played, and for the great showcase which the tournament turned out to be for Stanstead.

This was the first time such an event has been hosted in the history of the school. We were extremely pleased with the enthusiasm and level of participation of the whole school in this tournament. Thanks to the staff and students who volunteered their time and resources in so many ways, and thanks to Mr. Gallant who agreed to allow us to host the tournament and who allowed the school to put on a first-class show by providing the banquet meal and many of the unseen 'extras'.

Finally, thank you to the committee of students and staff responsible for organizing the tournament. An event of this type only happens with a lot of hard work - your effort is much appreciated.

Track & field 1991

From the point of view of the coaching staff the 1991 Track & Field Team was a fun group. As in recent years, our numbers were small and the team featured a wide range in abilities. Nevertheless, they all tried to do their best in the meets in which we competed and generally worked hard to better their own individual performances.

The spring season is short but very busy as we competed in 5 meets in 5 weeks and ended the year with a very respectable record. I was very pleased and a little surprised when we won our own Stanstead Invitational against teams from Galt, Richmond, BCS, Quebec and Salesien and placing second overall in the ETIAC Championship meet at the end of the season was something I never thought possible. Some competitors won individual recognition too as Guillermo Rodriguez won individual high aggregates in the midget class at both the Stanstead Invitational and the ETIAC Championships, Francois Paradis won the senior boys high aggregate at the Stanstead Invitational and Ying Chang Lu won the bantam boys aggregate at the ETIAC Championships.

I would like to recognize our letter and trophy winners for the season: The Bantam "S" - Y.C. Lu; Junior "S" - G. Rodriguez, V. Sorensen, V. Kasowski; Senior "S" - P. MacLaggan, M. Chase, S. Brus; Major "S" - T. Brus and F. Paradis. The coveted Alice Amaron and Russell Langley Trophies go each year to our top girl and top boy track athletes respectively and this year I was pleased to present these trophies to Verona Sorensen and Guillermo Rodriguez. Congratulations!

On behalf of my co-coaches Mr. Alex Philip and Mr. Peter Channell I want to thank the entire team and manager (Mel) for a good year. I would also like to extend a special thank you to our co-captains Ted Brus and Francois Paradis for all they have done for the track programme over the past 6 years. We will miss their leadership and example. Best wishes to all.

An undefeated season for the tennis Spartans! Under the leadership of Captains Ken Yeh and Akiko Katsumata, we captured the ETIAC Championship for the fourth consecutive year in what was perhaps the most successful season in the history of the program.

For the first time at Stanstead College, tennis was officially recognized as a "major" sport this season. As such, we were able to recognize the outstanding achievement of the players through awarding the Senior and Major "S". The inaugural recipients of the Senior "S" were Gabriella Miccolo, Sakiko Mutoh, Akiko Katsumata, Daisuke Kondo and Vijayant Raj Bala. The sole recipient of the coveted Major "S" was Ken Yeh, one of the most talented tennis players to grace this school.

Winners of the ETIAC Boys' Doubles medals were Rami Dajani and Danny Yeh, while Roger Wang and Carol Lin captured the Mixed Doubles prize. ETIAC Singles champions and Stanstead College Tennis Shield winners for the Most Valuable Players were Gabriella Miccolo and Ken Yeh.

Special thanks to Miss Campbell for her contribution to this outstanding team which promises to be competitive in many years to come. With a pool of excellent young talent already in the school we look forward to next year.

RUGBY 1991

This year's rugby squad was a very interesting mixture of veteran and novice players. The coaching staff was extremely impressed by the way in which the older, more experienced, members trained and encouraged the juniors.

The tremendous team spirit enabled rapid progress to be made in perfecting skills and building fitness through the initial practices. Dedication, concentration and the 'will to win' brought success in the season opener versus B.C.S. and convincing victories in the following two games against Quebec High School. The final match was very close-fought and resulted in a loss by the margin of only one point, in the absence of the Captain, Ian Darling, who was unable to play because of a broken nose.

This was a most enjoyable season for coaches and players alike. Special thanks must be extended to Mr. Simard and Miss Senior for their assistance throughout, as well as to all the spectators who turned out to support the team. A significant pool of rugby talent exists in the school and this augurs very well for the future.

Good Rugby!

MA PEUR

-- Simone Cheetham

Que j'ai peur
De te perdre
Toi, qui étais toujours là
A mes côtés
Toi, qui m'as fait comprendre
Ce monde incompréhensible
Toi, qui m'as mise en colère
Et m'as fait pleurer
Toi, qui m'as fait plaisir
Et m'as fait sourire
Qu'est-ce que je ferai
Quand tu n'es plus là
Pour me donner l'espoir
Quand j'en ai besoin
Pour me guider dans
La bonne direction
Pour me prendre par la main
Quand je suis perdue
Pour m'encourager d'affronter
La vie qui m'intimide
Que j'ai peur
De laisser tomber
La main qui m'a emmenée
A ce que je suis
Maintenant
Que j'ai peur
De te laisser partir
Que j'ai peur
De te perdre!

CAGED FREEDOM

-- Silja Howard

I feel like a wild bird,
Who had the full freedom of the great and
Mighty sky to fly.
I've been caught,
I've been caged,
I've been left to rot and
Die in loneliness and
Darkness all by myself.
Nobody to care,
Nobody to save me.
Restricted from love,
Restricted from my kind.
I need to be free.
All I can do is sit, watch, listen and
Smell the freedom just outside
My thick metal bars
As each feather falls
One by one
Into the pit
Of burning emptiness.

IL MARCHE

-- Kristen Denney

Il marche, il marche
Dans les rues,
Dans les rues de la ville
Il marche
En passant des autos,
Des lumières,
Des fenêtres
Il marche
A travers des foules de gens
Innocents, agresseurs,
Noirs, blancs,
Toutes sortes de gens

Mais,
Il continue de marcher
Dans la pluie et la neige
Il marche
Les semelles
De ses chaussures sont usées
Ses souliers troués
Il a mal aux jambes
Rien ne peut l'empêcher
Il marche.

Mais,
En se réveillant
La réalité vient
Tranquillement
Il réalise maintenant
Il marche
Seulement dans ses rêves!

TEACHER

-- Alex Leiva

Teacher . . .

Try to teach me,
How to read and write,
But don't teach me,
What you like or not.

Your job is to instruct,
Not to discipline,
Your job is to help,
Not to be a hindrance,

Why do you often try,
To make a difference in my life?
When you don't matter, not a single bit.
I'm leaving, you're staying.

Teach me, don't beat it into me,
Encourage my curiosity, sparkle a light,
Don't dim my spirit,
Or bore me with menial tasks.

Feed me with good books, good music,
And introduce me to new concepts.
Don't make a fuss, about how I spell your
Name, or write the heading in a paper.

Have you already forgotten, how it feels
To be a student?
Remember when you were young once,
Don't make the same mistakes

Others often made with you.
Try hard, try to make me better,
Don't try to forge me to your image
Just shape my own.

I know you've seen,
Thousands like me,
But I am myself, not a thousand others.

Yours is a great responsibility,
Yet do not waste your breath,
Trying to be my mother or my father,
Be a teacher, be my friend.

Don't be a hindrance,
Be a helping hand.

VOLLIES
-- Carolyn Stokes

The opponent looks on with a vengeance
The serve goes up with a swoosh
And its an ace!

0-15

This game won't be lost without a fight
The smugness disappears
Is replaced with fright!

6-5

Though unseeded the forehand is forceful
The backhand brutal net vollies are vital
A key point for her!

40-30

To win she'll volley with a vengeance
Brought on by spite!
The other player's confident
And it's slipping, slipping away!

The game is to the death
The final shot!

Game point!
Match point!
It's up to the net --
A net volley!

SMASH!

She won it at the net!

THE MALE SPECIES

-- Betty Anne Forward

Just another problem
That only makes things worse
Why are we always burdened
With this awful curse
Relationships being made
Commitments soon to break
Days and nights of loneliness
Oh, for goodness sake
Don't let them take the best of you
They're not the greatest loss
They are but delinquents
So, show him who is boss
As the saying goes
Good things come to their ends
We've heard this line so many times
"We're better off as friends"
They always want to win your love
End with broken heart
No more depression that we must spare
This time we got smart . . .

We went on to
the next.

STRANGE

Fawn Liu

I hated everything so strange
Strange faces
Strange people
Strange languages
Strange words
Strange rules

Now things are not so strange
I do not hate them.

THE LAST DRAW

- Victor Kasowski

This was it the last draw
Goalie tense tight-lipped jaw
The puck came back of my stick
Then Emery with a flick
Sent it sailing through the air
To land back in the net somewhere
Had you been there to see that goal
Watch that whole play unfold
You would have felt the fear that gripped
Down in our dark belly pits
But when that puck went soaring in
You would have seen a bashful grin
Cover that big goalies face
For we had put him in his place.

TRUST IN NARNIA

-- Aurora V. Flewwelling Skup

Floating, warm,
Inside my own glass bubble.
The curves tint the world pink,
Rose-coloured through my glasses.

People smile,
Somewhere, always . . .

Slowly time erodes
A structure created by other hands
Than mine.
Hairline fractures let in new
Light, pretty
At first,
Like a magical spiderweb.

Suddenly what seemed so nice
Falls apart around my feet.

And a friend teaches me
Not to
Trust.

THE PARTING FAREWELL

-- Quoc Bui

This night, the gathering
Of life-long friends,
I shall remember
And treasure forever.
A memento I shall carry on
To my grave.
Bittersweet memories
I shall hold on to, care for
Yet, all good things
Must come to an end.

We must carry on,
Carry our torch high,
To walk confident,
Our spirits lifted
And soaring,
To be proud of the things
We have accomplished
To be honored
With the friendships
We hold so dear,
To cherish the memories,
But we must live on.

Life has not come to its conclusion,
But a new beginning.
Our bonds cannot be broken
By time nor distance.
The sun has not set,
But has begun a new day,
Not even death can erase
The immortal souls,
The memories.
A new start arises,
But we must bid
Farewell.

The river flows uninterrupted;
The current strong.
Life pulses in the heartbeat,
As we must depart.
Our lives are shared,
Our memories one, yet many
Experiences of joy, laughter,
Content and tears.
Experiences of individualities,
Sadness and grief.

The days came and went
At lightening speed.
Yesterday, we just met, shook hands
With a pat on the back.
Today, we share happiness
And our dreams.
Tomorrow, we cry
As we all must leave
And fulfill our destinies,
Our future.

There shall come a time
When we shall meet again
To exchange and tell stories
Of our youth, our past.
Our tears shall be of gladness,
To live once again.
Together, we shall brave
The trials of life.
Together, we shall overcome
The barriers.

DEPARTING FACULTY

Miss Lise Morel

This article was written once before. Lise Morel came to Stanstead College, stayed two years and then went off to be a school principal. She was soon back and stayed four more years as teacher of French and français. Her experience in the teaching of French at Stanstead has been varied; français langue maternelle at the Secondary III and the Secondary V levels, the regular course in French as a second language and finally the daunting task of teaching French to beginning students coming to us from several language backgrounds. At the same time she gladly accepted the responsibility of the Improvisation club and was a key person in the implementation of the new programme in French second language at the Secondary V level. She spent many hours preparing her courses and finding interesting materials for her students in order to acquaint them with the culture of Quebec as well as the French language. During the winter term she could be found in the swimming pool every afternoon looking after the swim team. We all saw and heard her each morning in assembly as she played the piano for the singing of the daily hymn. Her tenacity and dedication both in the classroom and in her athletic commitment were profitable in respect to the good results of her students in the French language and the accomplishments of the swim team.

Merci infiniment pour tout ce que tu as fait à Stanstead Lise. Tu as certainement contribué au développement du programme de français pendant les six années scolaires que tu as passées parmi nous. Tu nous manqueras beaucoup et nous espérons te revoir bientôt. Nous te souhaitons succès et bonheur à Ottawa et nous sommes sûrs que les gens d'Ashbury, comme nous, sauront apprécier tes talents.

-- Paul Duncan

FLASH BULLETIN!

The Impro Team attended the final championship meet for the season held on April 5, 1991 at Lower Canada College. Stanstead College won with 18 points and brought home the L.I.D.E.A. Trophy.

Congratulations to a fine team!!

Mr. Allan Tabatchnick

Allan Tabatchnick joined us four years ago from the Education Department of McGill University. Young, keen, full of energy and having a sense of humour (not always appreciated!). Allan was responsible for the senior Chemistry, some Mathematics and was the Assistant House Director of Davis. His other responsibilities included coaching Bantam Soccer and boy's Squash. No matter what he was doing Allan brought a sense of fun and dedication to his work.

Within a year Allan became the House Director and was well adjusted to the many demands made on his time. Running the senior boy's residence is no easy task but Allan has managed to have the complete support of his prefects, which has been a tremendous help in keeping a large house running smoothly. Under his care the "Davis Destroyers" have raised considerable sums of money, enabling the house to eat well, on special occasions, and also upgrade the entertainment equipment.

Allan will be missed by students and staff alike. We shall miss his booming voice on the fifth floor, athletic assemblies will not be the same without his jokes and where will the staff get all the gossip. In the four years that Allan has been with us he has given the school a great deal of himself and we are grateful for this.

It has been a pleasure working with you Allan and we hate to see you go. All the very best wishes for your new teaching appointment in Montreal and good luck with finishing your Masters Degree. Keep in touch because we will be thinking of you.

LOUISE MORRISSEAU

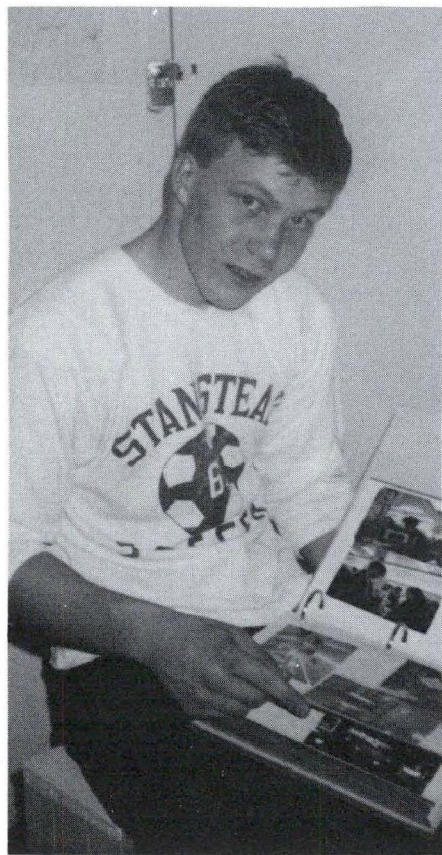

Two years ago Louise Morrisseau saw Stanstead College for the first time. As a beginning teacher she undertook her first teaching challenge as teacher of Spanish and French. During that time she has grown greatly as a teacher and has been instrumental in keeping the students of French and Spanish interested in their language studies. She has spent many hours planning and developing curriculum materials in order to make the Spanish language live. It is amazing to hear some of the second year students begin to speak the language with Spanish speaking students and to realize that all of that progress was accomplished in two short school years. Her sense of humour and her positive attitude made life much easier for her, her colleagues and her students. The support she gave to her students in French second language helped them to be aware of their potential in the learning of French. In the fall she could be found with the cross-country runners and she spent many hours helping and encouraging the individual members of the team. She also assisted in the coaching of the Improvisation team and could be found with the group every Thursday evening.

Le temps a passé trop vite Louise. Il nous semble que tu viens d'arriver et tu t'en vas maintenant que nous te connaissons vraiment. Nous apprécions le professionnalisme que tu as apporté avec toi à Stanstead. Tu as relevé le défi ici et nous avons confiance en toi. Tu nous quittes mais ta carrière vient de commencer. Les élèves et les professeurs de Lower Canada College apprécieront tes talents comme professeur de langues secondes. Merci beaucoup, gracias et buena suerte!

A Tradition of Excellence

Howarth has been clothiers to leading Canadians for 60 years. Our three stores in Toronto, Montreal and Ottawa have built a tradition of serving Canadian families from the time they enter the best schools until well after they take their seats in the boardrooms of the nation.
